Only players 1 and 2 can be seen on the screen though You can change the map between Kino der Toten or Five, but if you change it back to DOA, the console will fix the glitch.. Now go to Zombies, split-screen (again) (Notice Kino der Toten is your current map, you can change it to Five and still have it work).. Go back to zombies split-screen Notice on the bottom-right corner it says 3/2 (if your split-screening 3 players) or 4/2 (if your split-screening 4 players).. In the end of the clip a message will pop up and it says 'Notice sign-in status changed'.. Only players 1 and 2 are shown on the list, but on the top, it says (if split-screening 3 players) '3 player (s) in party'. [Ipad Garageband Import Mp3](#)
